CUT SPENDING SEEN AS CURE FOR CANADA'SILLS

Canadian Manufacturers' Association Says Problem Financial

By CARL KENNEDY
Canadian Press Staff Writer

OTTAWA, Jan. 17.—Canada's present problems are not financial, the result of over-spending, the Canadian Manufacturers' Association asserted today in a brief presented before the Royal Commission on Dominion-Provincial relations.

If government expenditures were reduced 10 or 20 per cent, the association contended, many of today's pressing problems would disappear. On the other hand, an entirely new constitution would merely reproduce present conditions if public expenditures, and consequently taxes, continued to increase.

"If there is the will on the part of the people to do it, the association submitted, 'then the Dominion and provinces can allocate their respective funds in a way that they can solve their financial difficulties, provided always that they make up their minds to live within their respective incomes agreed upon.'

Aside from that general appraisal of the basic problem facing the nation in Canada, in which it suggested some control over borrowing, the association urged a simpler and more equitable "11 system" for industry and industry.

FEWER COLLECTORS

"The ideal system of taxation from industry's point of view is one providing for the raising of the necessary revenue by means of a minimum number of taxes collected by a minimum number of agents. It is preferably one in which the number of specific recommendations in that direction comes to a minimum of one sales tax and one sales tax were advanced.

The association especially considered old age pensions and unemployment insurance among the "11" taxes. It advocated reorganization of pensions on a contributory basis, following the example of the United Kingdom and Belgium, where it was found that a contributory, deserving-poor system led to thriftness and economy in an insurance basis would also reduce expense and stimulate self-reliance and encourage employers to institute their own pension schemes, was suggested.

INSURANCE SCORED

The association contended to endorse unemployment insurance since it took the position that great majority of those maintaining it in recent years would not be eligible for benefit under the existing act as that program as it stands.

"No insurance scheme based on actuarial basis can be strictly limited period of a strictly limited period of employment, and persons normally in fairly steady work."

Strengthening the substantial part of industry played in the Canadian economy, the association contended, "if the earning capacity of industry is impaired by any or insufficient tariff protection," it is difficult to see how the national income taxes can be maintained.

DO FULL SHARE

On the other hand, industry is not beyond capacity to pay and remain efficient, and if Canadian prices are safeguarded by a system of equalizing conditions, and competition, and industry, which enters into every part of national activity and which is the basis of every citizen of Canada, can and will continue to do its full share in restoring prosperity, and financial and economic problems and in developing the country.

"The association said it did not wish to exaggerate the importance of the position of manufacturing in the national economy of Canada. Its members realized it represented one group only, and though its activities did affect many others.

In its analysis of current taxation, the C.M.A. said a company doing business across the Dominion paid income taxes in Nova Scotia and New Brunswick, but not in Ontario, and would proceed generally without reference to requirements.

"It was stated that, for instance, the Dominion or provinces (except Alberta) made no allowance for the expense of doing business for income tax paid in other jurisdictions.

FAIR REPRODUCTION

"It is obvious there is less reciprocity between the Dominion and the provinces in this regard than in the United States, for, for example, the Dominion does not tax the contents of a nationally-operating company."

Much of that labor and expense would be eliminated, the C.M.A. suggested, if an arrangement was adopted similar to that made in the United States and Canada.

JAPAN CEASES TO RECOGNIZE CHIANG REGIME

Statement Says Nippon Hopes to See Government Develop

By CARL KENNEDY
Canadian Press Staff Writer

TOKYO, Jan. 17.—Japan Sunday announced withdrawal of recognition from China, central Chinese government headed by General Chiang Kai-shek. The announcement said Japan looked forward to establishment and growth of a new Chinese regime with which, it hoped, it would co-operate gladly.

The government's statement was issued as the result of decisions taken last Tuesday in the fifth conference before the throne in Japanese history.

Emperor Hirohito on that occasion presided over a meeting of army, navy and political leaders of the government.

British ambassador Sir Robert Craigie and representatives of other foreign governments were informed of Japan's new policy in conference with Foreign Minister Koki Hirota.

CHANGE POLICY

Japan was reported Sunday to be carrying out a major readjustment of her diplomatic policy toward China, following the lines of her proclaimed objective "pacification" of eastern China.

The foreign minister was said to have issued a circular calling for Japanese diplomatic action in securing terms to explain Japan's "pacification" of eastern China.

These were outlined in the government announcement of withdrawal of recognition which said Japan's responsibilities for peace in East Asia were "even heavier than before."

REALIGN RELATIONS

Diplomatic observers said Japan intended to realign her foreign relations with Great Britain, United States, Germany, Italy and France, in keeping her "unshakeable" aim of maintaining China in implementing the new policy.

TBOGGAN RIDE BEHIND CAR IS FATAL TO GIRL

SASKATON, Jan. 17.—Fatally injured when struck by a motor vehicle while riding on a toboggan behind another toboggan, a 12-year-old girl died last night after being admitted to hospital.

The girl, identified as the daughter of a local merchant, was riding on a toboggan behind another toboggan, which was being pulled by a motor vehicle, when she was struck by a car.

The accident occurred on the main street of Saskatoon, where the girl was riding with a group of friends. The car was driven by a local resident.

The girl was taken to the hospital, where she died last night. The police are investigating the accident, and the driver of the car has been charged with manslaughter.

ONE SALES TAX

The association advocated that the sales tax be imposed by the Dominion, not by provinces or municipalities. It advocated the imposition of articles of material used in the production of goods to avoid provoking taxes.

"As the financial situation in the Dominion is so serious, the C.M.A. has no doubt that the requirements of the Dominion will permit the use of taxation to reduce the deficit."

If the customs tariff were abolished, the C.M.A. said, it would have to look elsewhere for the \$80,000,000 collected there last year. The ultimate effect on Canadian industry and the quarter of the population directly dependent on it would be grave, it was submitted.

ENCOURAGING NOTE

The association said it was "encouraging" in the light of the fact that the Dominion and Saskatchewan governments in their presentations before the commission did not suggest any extent that the system of national protection should be abolished or changed in any important degree.

The association concurred in their view that the country should be protected from the industrial system and that the Dominion's responsibility should be provided.

If there was to be unemployment insurance, the association said, the Dominion would have to contribute \$100,000,000 annually, it was estimated.

BENEFIT WORN PERSONS

The association contended that the Dominion should not be required to pay for the benefit of persons who are not in need of it. It suggested that the Dominion should be required to pay for the benefit of persons who are in need of it.

W. F. HERMAN, PUBLISHER OF WINDSOR, DIES

Newspaper Owner Succumbs Following Operations in Los Angeles

By CARL KENNEDY
Canadian Press Staff Writer

LOS ANGELES, Cal. Jan. 17.—W. F. Herman, publisher of the Windsor Daily Star, died here last Saturday morning after a major operation.

The Windsor newspaper owner came to Southern California in the middle of December to spend the winter. He was taken ill shortly after reaching Los Angeles, entered a hospital New Year's day and was operated on Jan. 3. After showing signs of recovery, he suffered a relapse which finally ended his strength.

Mr. Herman was created in the newspaper field in Canada for more than 30 years. He began his career as a publisher in Saskatchewan and his development of the Windsor Star was considered by himself as one of his greatest achievements.

Mr. Herman was born in Lunenburg, Nova Scotia. His father was a sailing ship captain and was a member of the British Empire Loyalist. His father's name was W. F. Herman, and he was always intensely proud of his Canadian ancestry.

The funeral will be in Saskatoon Friday with burial in the family plot. Mr. Herman was 62 years of age.

Mr. Herman was married in 1903, and was twice widowed. His first wife was Mrs. Herman, and his second was Mrs. W. L. Clark. He was survived by his wife, Mrs. Herman, and his daughter, Mrs. W. L. Clark.

Mr. Herman was a member of the Windsor Star for many years. He was a member of the Windsor Star for many years. He was a member of the Windsor Star for many years.

R. C. N. V. R. Unit Entertains Dinner, Dance

Musicians to nearly 200 guests, the Edmonton unit of the R. C. N. V. R. entertained most delightful dinner and dance, following which dancing took place in the Masonic Temple Saturday evening.

Guests included Mrs. and Mr. G. G. Macdonald, Mrs. and Mr. H. H. Macdonald, Mrs. and Mr. J. J. Macdonald, Mrs. and Mr. K. K. Macdonald, Mrs. and Mr. L. L. Macdonald, Mrs. and Mr. M. M. Macdonald, Mrs. and Mr. N. N. Macdonald, Mrs. and Mr. O. O. Macdonald, Mrs. and Mr. P. P. Macdonald, Mrs. and Mr. Q. Q. Macdonald, Mrs. and Mr. R. R. Macdonald, Mrs. and Mr. S. S. Macdonald, Mrs. and Mr. T. T. Macdonald, Mrs. and Mr. U. U. Macdonald, Mrs. and Mr. V. V. Macdonald, Mrs. and Mr. W. W. Macdonald, Mrs. and Mr. X. X. Macdonald, Mrs. and Mr. Y. Y. Macdonald, Mrs. and Mr. Z. Z. Macdonald.

Youthful Pianist Is Guest Artist At Initial Meeting Of Women's Musical Club

Distinction of being the first artist to appear before the Women's Musical Club during 1938 went to Sadie Chmelnitsky, concert pianist of the city, who presented a difficult and always interesting program at the Masonic Temple on Saturday. The club had not met since the Christmas and New Year's season, and the program was a most successful one.

The program consisted of a variety of pieces, including a Chopin Nocturne, a Debussy Clair de Lune, and a Liszt Sonata. Sadie's playing was of a high standard, and her performance was well received by the audience.

Wins Applause Of Music Lovers

It is just about two years if memory serves correct, that she appeared in her concert debut in the same hall as that in which she played on Saturday. Since that time, she has had the advantage of two years additional study and practice and the widening broadening influence of continuing her work at Philadelphia under a noted teacher.

In the two-year interval there has been a considerable improvement noted in this young artist, whose progress has been followed with interest by Edmonton music lovers, since she first sprang into prominence in a junior class at the Alberta Musical Festival and finally, several years later, topped the field in the opera.

It is only to be expected that at this stage of her career, Miss Chmelnitsky would play a distinct advance. She has improved her technique and her artistic outlook and has matured in her performance of various numbers.

In stage appearance and deportment, she has also made advances and the whole atmosphere of her playing has been improved. It is only to be expected that at this stage of her career, Miss Chmelnitsky would play a distinct advance. She has improved her technique and her artistic outlook and has matured in her performance of various numbers.

Lovely Bride

The bride was Miss K. Drake, who was married to Mr. H. Drake on Saturday afternoon.

The ceremony was performed by Rev. J. J. Macdonald, who officiated at the wedding.

The bride and groom were accompanied by their families and friends to the ceremony.

The reception was held at the home of the bride's parents, where a large number of guests were present.

The bride is a daughter of Mr. and Mrs. J. J. Macdonald, and the groom is a son of Mr. and Mrs. K. K. Macdonald.

The couple will reside in their new home in the city of Edmonton.

The wedding was a most successful one, and the bride and groom were both very happy.

The bride is a very beautiful young woman, and the groom is a very handsome young man.

Draws Are Arranged In Women's Bonspiel: Entries Received From 48 Rinks

With 48 rinks—almost as many last year—entered in competition, excitement is at fever pitch as last-minute arrangements are made for the Women's Bonspiel, which will get under way promptly at 8 o'clock on Tuesday morning.

Entries have been received from out-of-town clubs, personnel of the city, and a large number of local players.

The draw will be held on Monday evening, and the first round of play will begin on Tuesday morning.

The prize money is \$100, and the winner will receive a trophy and a certificate.

The draw will be held at the Masonic Temple, and the first round of play will begin on Tuesday morning.

Dance Contest Is Colorful Affair

Pictoresque native costumes, tall tales of Scotland, bright green of Ireland and navy blue sailor suits of England made the contest a colorful one when the Alberta Highland Dance Association held its first annual contest at the Hotel Macdonald on Saturday evening.

National dances in an interesting competition delighted the guests who were seated at tables in the hotel ballroom.

The contest was held at the Hotel Macdonald, and the first round of play will begin on Tuesday morning.

the social round

The "CANADA has everything" with the merry receding farther and farther from the top of the glass, but it was made on no less authority than that of the British Shagbush, noted artist, and sister of the late Sir Ernest Shackleton, who has visited Edmonton frequently in the past few months. Of course, she was in Vancouver when she said it, but the jovial, Irish-born visitor enjoys Canada—a lot of it—thoroughly, and is reluctant to leave, although her work here is practically done.

"In the older cities," she says, "Canada has culture and sophistication, and in the northern areas there are unexplored places. In the newer regions there is simplicity and sincerity."

She is a native of London, where she has been playing the piano for many years. She is a very beautiful young woman, and the groom is a very handsome young man.

The wedding was a most successful one, and the bride and groom were both very happy.

Miss K. Drake, Mr. Hayward, Exchange Vows

Attended by the interest of many mutual friends in Edmonton's social circles, the wedding of Kathleen Althea Drake, younger daughter of Mr. and Mrs. G. G. Lord of McKay and Vernon Blake, and Mr. H. H. Hayward, only son of Mr. and Mrs. G. G. Lord of McKay and Vernon Blake, was solemnized at an attractive ceremony arranged in the home of the bridegroom's parents at nine o'clock on Saturday afternoon.

Rev. Charles G. Stone read the opening prayer, and the bride and groom were joined by the Rev. Mr. Stone. The ceremony was a most successful one, and the bride and groom were both very happy.

COUNCIL CONSIDER TRAM SYSTEM REPORT

Future Development, Higher Tariff To Be Decided Upon

Comprehensive report on the proposed future development of the Edmonton street railway system, including recommendations for a higher fare tariff, establishment of a new route between the city and the hills, and the use of the Low Level bridge and the use of trolley buses on this route, will be considered by city council at its meeting on Monday night. The report, which was prepared by the committee on the subject, was presented by the committee's chairman, Mr. J. G. Gibb, commissioner of the street railway system.

The report was prepared by Commissioner J. G. Gibb, commissioner of the street railway system, and was presented to the city council at its meeting on Monday night. Curious World

—By William Ferguson

Common names are very misleading in the plant world. Dogwood is one thing in North America, but in England it is an entirely different plant, and still another in the tropics. Although some of the Latin names are difficult to pronounce, they are exact. They classify a plant as well as name it.

Dominions "In" Chance For Lead Rangers Drawing

PROVIDING that Lefty Grove, Jimmy Anderson and Shurtz Purrell do not each break a leg, you can safely say today that the Dominions have clinched a playoff berth in the Big Six Hockey League—and they have an excellent chance of being top leaders when the final scheduled game is played.

It figures out this way. The Dominions have only 10 games left to play including tonight's battle against the Elks, which should be a homey. Of these remaining 10 games face the Montreal, two against away, Brooks and Rangers to Calgary. The Brooks also have to come here again, as do the Miners. The other five games are against the Superiors.

Out of these 10 titles the Dominions should pick up at least 14 points. Calgary Rangers have 13 points and the Montreal have 12. The Elks have 11 points and the Superiors 10. The Brooks have 9 points and the Miners 8. The Rangers have 7 points and the Superiors 6. The Elks have 5 points and the Superiors 4. The Brooks have 3 points and the Miners 2. The Rangers have 1 point and the Superiors 0.

The Rangers have never given evidence of calibre to warrant the struggle hold they have had on the league leadership. They are a good team, but not that much better than the other clubs in the circuit. They got away to a flying start and played a cautious brand of defensive hockey. The goal scoring figures prove the point. Right now it looks as if their magic streak of luck has broken and they may run into trouble for awhile.

Scoring figures of the Dominions become more and more sensational. They have scored over 40 goals in 20 games as yet. No other club except the Rangers. At the same time their wide open style of whirlwind hockey has resulted in more goals being scored against them than any other club in the loop.

★ ★ ★

Rangers Team Packs 'Em In

THINGS is something of a moral for hockey team, as well as all other teams, in the box-office developments of New York Rangers of the National Hockey League in the present race. At the third mark of home games, the Rangers were approximately 25 per cent ahead of the 1935-36 aid attendance at a corresponding rate.

For their first eight games in Madison Square Garden last winter the club customers totaled 25,474. For their first eight games in the Garden this season, the Blue Bombers drew 105,145 paying clients.

A rather striking and significant argument against the box-office value of individual stars, and in favor of the team itself and the team.

The last of the Rangers "Old Guard" passed out before the start of the current campaign. They were mighty names of hockey: the Cocks, the Boucher, Johnson and the rest. Of the four survivors of the original Rangers, organized in 1926, only Frank Boucher remains, and he has been replaced by Lester Patrick. But Cuck is at Providence; Boucher moved out to Cleveland to handle the minor league Rangers; Murray (Iron Man) Murdoch shifted to the Philadelphia Shamblers; and Ching-Bing Johnson went over to the New York Americans.

With no outstanding "names" as a box-office lure, but with a team that has been giving the fans fast, colorful, interesting entertainment, the Rangers have proved they do not need individual luminaries.

Major League Opener April 18

THE 1938 major league baseball campaign will get under way April 18 when President Roosevelt throws out the first ball at Washington in the inaugural game between the Senators and the Philadelphia Athletics.

The only other game scheduled for April 18 is between the New York Yankees and the Red Sox in Boston. The four other American League teams and all National clubs will play first on April 19.

Detroit will open at home against the Athletics in the American League, while the opening day National League schedule sends Boston to New York, Brooklyn to Philadelphia, Chicago to Cincinnati and Pittsburgh to St. Louis.

April 19 will be Patriots Day in Boston and the Yankees and Red Sox will play a doubleheader while the Senators and Athletics meet in their second game at Washington. The usual 154-game schedule will end Oct. 2 with the annual all-star game at Cleveland.

The schedules were adopted at a meeting attended by League Presidents Ford Frick and William Harridge, but they will not be made public until club owners ratify them, which generally is a mere formality.

Ivan Jackson Captures Standing Jump At Meet

IVAN Jackson captured top honors in the ski tournament held Saturday afternoon by the Edmonton Ski Club, with a standing jump of 127 feet. Doug Greff, visiting star from Winnipeg, jumped 130 feet, but fell to make way for Jackson. Twenty-three skiers took part in the meet. P. Bjornstrom, Arnold Hougen and George Crooks won the "A," "B" and "C" class jumps respectively.

The schedules were adopted at a meeting attended by League Presidents Ford Frick and William Harridge, but they will not be made public until club owners ratify them, which generally is a mere formality.

Rimby Club Loves To Eckville Squad

EXCLUSIVE TO EDMONTON BULLETIN. RIMBY, Jan. 17.—Rimby hockey players clashed with the Eckville squad Thursday night to go down to defeat 6-4. Rimby rallied after the first period, which saw them downed 3-0, and overtook the hard skating Eckville club in the second period.

Several local skiers showed excellent ability and speed in the race and should figure prominently in future future events. Those skiers were: Pete O'Brien, Howard Keith, Ben Lange, Arnold Hougen, P. Bjornstrom, George Crooks, and B. Martin.

Following are the winners in the races: 50 yds. to the 25 ft. entrance in the slalom race, which was won by the skiers who were: P. Bjornstrom, Arnold Hougen and George Crooks.

The ice condition of the hill proved too much for 30 of the 32 entrants in the slalom race as they slipped at the sharp turns. The O'Brien and John Hougen successfully weathered the slippery curves to complete the course without falling. O'Brien covered the course in 1:17, while Hougen breezed in a second behind to register the time of 1:15.

O'Brien covered the course in 1:17, while Hougen breezed in a second behind to register the time of 1:15.

Several local skiers showed excellent ability and speed in the race and should figure prominently in future future events. Those skiers were: Pete O'Brien, Howard Keith, Ben Lange, Arnold Hougen, P. Bjornstrom, George Crooks, and B. Martin.

Following are the winners in the races: 50 yds. to the 25 ft. entrance in the slalom race, which was won by the skiers who were: P. Bjornstrom, Arnold Hougen and George Crooks.

The ice condition of the hill proved too much for 30 of the 32 entrants in the slalom race as they slipped at the sharp turns. The O'Brien and John Hougen successfully weathered the slippery curves to complete the course without falling. O'Brien covered the course in 1:17, while Hougen breezed in a second behind to register the time of 1:15.

Several local skiers showed excellent ability and speed in the race and should figure prominently in future future events. Those skiers were: Pete O'Brien, Howard Keith, Ben Lange, Arnold Hougen, P. Bjornstrom, George Crooks, and B. Martin.

SWIMMING BULLETIN

Varsity In Capitals N Donybrook

Extending their winning streak to six games, Varsity Golden Bears once again hustled the green and gold over the Intermediate Hockey League as they defeated Donybrook 4-3 in a rough contest at Varsity rink, Saturday night.

The preliminary game between Varsity and Donybrook featured the second period fight and, with players referees and men joining in the fray, the game was started by Horne hooking Drake under the arm with his stick, but Drake held it so many, he wouldn't let go and when referee Horne decided to fight about it a young student by the name of Hall was only too willing to oblige.

Players on both sides were so anxious to have the action stop that they actually quarrelled about who was the first to start the fight. The game was then started by Horne hooking Drake under the arm with his stick, but Drake held it so many, he wouldn't let go and when referee Horne decided to fight about it a young student by the name of Hall was only too willing to oblige.

The opening period was all Varsity as they forced the play from start to finish, but they were not Capitals four-man defense.

Pat Conigan set up the opening of the game as he led a pass over to Cheney to give Varsity the lead. Three minutes later Dave McKay went barging through the Capitals' defense, flipped a puck to Stanley and the score was 2-0.

Brant was still feeling the effects of the middle section as he led the way for the start of the first period. The only other game scheduled for April 18 is between the New York Yankees and the Red Sox in Boston. The four other American League teams and all National clubs will play first on April 19.

For their first eight games in Madison Square Garden last winter the club customers totaled 25,474. For their first eight games in the Garden this season, the Blue Bombers drew 105,145 paying clients.

A rather striking and significant argument against the box-office value of individual stars, and in favor of the team itself and the team.

The last of the Rangers "Old Guard" passed out before the start of the current campaign. They were mighty names of hockey: the Cocks, the Boucher, Johnson and the rest. Of the four survivors of the original Rangers, organized in 1926, only Frank Boucher remains, and he has been replaced by Lester Patrick. But Cuck is at Providence; Boucher moved out to Cleveland to handle the minor league Rangers; Murray (Iron Man) Murdoch shifted to the Philadelphia Shamblers; and Ching-Bing Johnson went over to the New York Americans.

With no outstanding "names" as a box-office lure, but with a team that has been giving the fans fast, colorful, interesting entertainment, the Rangers have proved they do not need individual luminaries.

Major League Opener April 18

THE 1938 major league baseball campaign will get under way April 18 when President Roosevelt throws out the first ball at Washington in the inaugural game between the Senators and the Philadelphia Athletics.

The only other game scheduled for April 18 is between the New York Yankees and the Red Sox in Boston. The four other American League teams and all National clubs will play first on April 19.

Detroit will open at home against the Athletics in the American League, while the opening day National League schedule sends Boston to New York, Brooklyn to Philadelphia, Chicago to Cincinnati and Pittsburgh to St. Louis.

April 19 will be Patriots Day in Boston and the Yankees and Red Sox will play a doubleheader while the Senators and Athletics meet in their second game at Washington. The usual 154-game schedule will end Oct. 2 with the annual all-star game at Cleveland.

The schedules were adopted at a meeting attended by League Presidents Ford Frick and William Harridge, but they will not be made public until club owners ratify them, which generally is a mere formality.

Treading Fancy Steps

Relative to Edmonton Bulletin. WATSON, Jan. 17.—The pugilistic spirit that seemed to pervade the intermediate hockey league, Saturday night was in full swing at Westview as the Leeds took a 5-3 win from the Hudson's Bay Beavers. Three fights broke out during the game that was fast and exciting.

The first period went scoreless but Paton gave Westview a one goal lead early in the second. Graham swung his stick at a flying hawk and his Gleason on the head. Pete Block immediately retaliated with a right to the jaw and the officials finally settled the matter by giving both players a free trip to the change room.

The second period was all Varsity as they forced the play from start to finish, but they were not Capitals four-man defense.

Pat Conigan set up the opening of the game as he led a pass over to Cheney to give Varsity the lead. Three minutes later Dave McKay went barging through the Capitals' defense, flipped a puck to Stanley and the score was 2-0.

NINE TONS OF CHURCH BELLS ARE ON ORDER

OTTAWA, Jan. 17.—Order for 40 bells that will give St. Jean Baptiste Catholic church, one of the largest churches in Canada, has been placed with a Belgian firm. Rev. P. M. Gaudreault, prior to the Dominion order in Ottawa, announced Sunday that the bells will weigh nine tons when cast. The largest will weigh 4,000 pounds, the smallest 25.

FATHERS CITED FOR PRODUCING ILLS OF HOME

Psychologist Blames Parent For Maladjusted Child and Mother

ST. LOUIS, Jan. 17.—A maladjusted child reflects a maladjusted mother, and a maladjusted mother reveals a maladjusted husband, Dr. John J. B. Morgan, president of psychology at Northwestern University, told fathers attending the recent third conference of the Louis Council for Parent Education.

Dr. Morgan said that "too often husbands blame their wives for the misbehavior of their children, when actually they are to blame because of their diabolical disposition and deeper personalities."

"You fathers who storm home after a hard day's work with angry dispositions should remember you may cause violence in your children to develop abnormal fear and oppression complexes," Dr. Morgan warned.

"It has been said and frequently that home is the place where a man is treated the best and acts the worst."

FATHERS TOLD TO STUDY

To correct this fact, Dr. Morgan suggested that fathers take time to analyze themselves, impersonally, to discover which of the following classes they belong to:

1. The "maternal type." Their sole purpose in marriage is to obtain a substitute for their mothers. Children in this home become rivals of their father for their mothers' affections.

2. The "woman type." One who has been perished, and is guarded too much by his parents, having thrown off the reins of his former sheltered life, he wants to assert his authority and independence. He usually picks a domestic wife for a wife, and he may become over aggressive and bossy.

3. The "dual-attitude type." He is the man who places all women into two groups—his good and his bad. He is almost always of a suspicious nature and complains bitterly about the morals of his children.

WARS OF INTERVENTION

4. Both aggressive and aggressive husbands. The men who have personalities of extreme intervention, and those who have personalities of extreme intervention.

5. The type who intervenes for the personal advantage he receives by having an attractive or beautiful wife. He wants her merely as a money to use for his prestige. He is the kind of father who intervenes in his children unless they measure up to his exacting standards of social appearance and behavior.

6. The "wholesome type." These are the men who enter the marriage with a "level head," understand its meaning and solve its problems in a rational rather than an emotional manner. These men are respected as the ideal husbands and fathers.

"Most of us think we belong in this last classification," Dr. Morgan said. "But do not fool yourselves, this is the rarest of the groups."

Dominion For Jews Within Empire Aided

LONDON, Jan. 17.—British Jews Sunday adopted a resolution asking the government to solve the problem of Jewish-Arab conflict in Palestine by creating a "Jewish Dominion" within the British Commonwealth of Nations. The action was taken by the British Jewish Council of British Jews known popularly as the "Jewish Parliament."

Canada-U.S. Flying Pact Is Proposed

WASHINGTON, Jan. 17.—A conference of Canadian and United States air experts studying civil aviation of the two countries, proposed Sunday an air agreement between the Dominion and the United States that is a modern counterpart of treaties of commerce and navigation begun centuries ago when sailing vessels were the means of transport.

The agreement, subject to the approval of the Canadian and United States governments, is really four agreements referring to air navigation, insurance of pilots' certificates, recognition of certificates of airworthiness of aircraft, and the use of radio for air services.

It was worked out at a four-day conference here between an American and Canadian delegation led by Sir Walter Gordon, assistant secretary of state, and a Canadian delegation led by Mr. J. H. Smart, deputy minister of transport.

Each country would grant liberty of passage over its territory in time of peace to the civil aircraft of the other country.

No regular air route could be operated in the territory of either country, however, without its prior consent.

Under terms of the proposed agreement, airplanes must be provided with certificates of registration and airworthiness, their pilots and crews must have licenses, and must abide by the customs, immigration, and air traffic regulations of the other country and must not fly over prohibited areas.

Equality of treatment would be guaranteed airplanes of the other country with regard to a) ports, radio facilities, weather reports, radio bulletins and payment of landing fees.

The agreement would do away with the previous necessity of applying through diplomatic channels for permission to fly to other countries.

The new agreement is the fruit of negotiations of 1929 which, due to the great increase in aerial commerce between the two countries.

AUXILIARY TO SOCIAL CREDIT LEAGUE, PLAN

Government Endorsement, Nomination Change, End Convention

CALGARY, Jan. 17.—Endorsement of the government of Premier William Abernethy and changes made in the constitution brought the second annual convention of the Social Credit League to a close here Saturday.

A change in the selecting of Social Credit candidates for civic election was approved and decision taken to form a women's auxiliary of the league which has a membership of 6,000.

Appointment of a president to succeed C. H. Tule of Calgary was deferred until the board of management meets in Edmonton next Thursday. It will name the new president and select the 1938 convention city, expected to be Edmonton.

HOLD CONVENTION In changing the method selected civic candidates it was decided a nomination convention would be held at which several candidates would be named and the final choice left with a selection committee appointed by the constituency association. The final choice of candidates was chosen by a "selection committee" and not first named by a nominating convention of the membership.

The resolution dealing with the civic candidates was sponsored by the Calgary and Edmonton divisional conference of the league. No change was made in the method of selecting provincial and municipal candidates. Under the present system, candidates are named at a constituency association meeting with final choice resting with Premier Abernethy and his provincial selection committee.

NOT DISCUSSED "This was not discussed," said Roy Milligan, of Calgary, chairman of the press committee, when asked the possibility of changing the federal and provincial candidate-selecting method had been considered.

The women's auxiliary will have two members on the board of management until it holds a provincial convention in 1939. The women's auxiliary. Those named to the board were Mrs. E. Rogers, M.L.A., Phoenix, and Edith Gosling, M.L.A., Calgary.

Thirteen resolutions, all dealing with constitutional amendments and league policy, were adopted at the convention. Mr. Milligan said. Eleven were defeated.

185 RESOLUTIONS The total of 185 resolutions were before the convention delegates and 17 were left for consideration of the board of management with instructions they be turned over to the various government departments concerned for report.

The board of management will meet in Calgary next week. Members of his cabinet in Edmonton Friday held a pre-convention meeting to discuss the convention report.

A resolution which would have requested the Alberta government to withdraw financial support for the maintenance of the Legislative House of the province of Alberta, was not dealt with. It was assumed, two score resolutions left over for future action by the board of management.

Alberta Court CASE CONTINUES

OTTAWA, Jan. 17.—Argument in the Alberta constitutional reference resumed in the Supreme Court of Canada today when Col. J. M. Buzar, chief counsel for Alberta, continuing his defence of the three bills referred to the court by the dominion government.

These measures are to impose a tax on the paid-up capital, reserve funds and undivided profits of banks, to regulate credit institutions and to regulate the operation of the Alberta correctional and penal system, to amend the names of the writers of their sources of information.
